Smart Pendant

REVO is a fresh new lighting solution when projecting the interior of an office or any commercial space. Its high-quality housing in powder coated finish makes it a bold and stylish luminaire, available with various optic solutions ; reflector (modular), opal, prismatic or asymmetric; and direct / indirect light distribution. Used as an individual profile or put together in continuous lines or shapes.

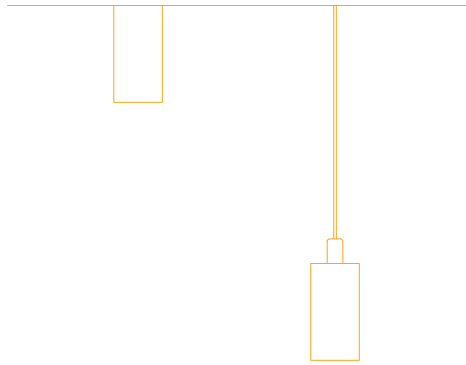

REVO

MINIMALIST

Revo impresses with its up to 3.5 meters long elegant housing, bringing you more quality light with cost-savings.

Due to its length and low UGR, it delivers a homogenous and efficient distribution of light that enables less luminaires per room. Therefore, it is most suitable for open-space offices, corridors, foyers, conference rooms, institutions and other spacious environments.

REVO

Flexible Design Multiple Applications

Revo luminaire is a versatile solution for projects that demand high quality of the lighting system and high visual comfort. With its modular design, the Revo can be used as an individual fixture or as a combination of luminaires put together in continuous lines.
